Print book price range: $16-$18.99
eBook price range: $5.99

About Confessions of a Secret Latina: How I Fell Out of Love with Castro & In Love with the Cuban People:
Whatever your ethnic background or personal opinion of Fidel Castro, you will find something new and revealing in this book. It offers a frank firsthand account of one woman's journey, not only through Cuba, but through a life filled with unique challenges and tragedies. When Castro first rose to power, the author, like so many Americans, was entranced by the romantic vision of a scrubby revolutionary defeating the hated dictator Fulgencio Batista. But her years of direct experience with Cubans and within Cuba itself gradually eroded that vision. Read More

Triumph & Hope: Golden Years with the Peace Corps in Honduras by Barbara E. Joe

Targeted Age Group: 16 and adult
Category: Autobiographies, Biographies & Memoirs

Print book price range: $14.35-$16.99
eBook price range: $5.99

About Triumph & Hope: Golden Years with the Peace Corps in Honduras:
Joining the Peace Corps was something I'd always dreamed of doing ever since 1961 when President Kennedy first announced the corps' formation. But life intervened and I didn't actually join until 2000 when I was 62, inspired by Miss Lillian, President Carter's mother, a Peace Corps volunteer in her 60's in India. I had recently suffered the untimely deaths of my son and a foster son and needed a new purpose in life; Peace Corps offered that opportunity. I went as a health volunteer to Honduras, a country I had first visited as a toddler in 1941 when my father worked at the Mayan ruins of Copán. A male friend sternly warned, "You'll never make it; mark my words, you'll be home by Christmas at the latest." But I extended beyond the usual 27 months and stayed for 3 Christmases! Read more

AN AVIATOR AT HEART

An Aviator At Heart by Ilyan Kei Lavanway

Targeted Age Group: Young adult and up
Category: Autobiographies, Biographies & Memoirs

Print book price range: $10.00 - $29.00

About An Aviator At Heart:
A shy, hopelessly romantic, teenage pilot experiences his own unique coming of age in this illustrated true life adventure.

What readers say about this book:
"An Aviator at Heart is the unabashed story of a young Mormon pilot, his exploits and passion for flying. These stories of flight, with all the sensory detail, drew me into the book and let me relive my own struggle to get my private pilot's license. This book will be of particular interest to young LDS men who long to fly and older pilots seeking a trip down memory lane. The narrative voice is blunt and outspoken, telling it like it is through the eyes of the teenage pilot. I enjoyed reading this book." - Shellyflower "Rebecca" (Amazon). Read More

About Re-Modeling the Mind: Personality in Balance:
A useful personality theory needs to define, explain, predict and still leave room for flexibility and uniqueness. Building on Jungian philosophy and deep personal observation, Ruth Johnston presents a living model of human personality. Neuroscience tells us that the brain follows the dynamic principles of other natural systems and all living things. Personality emerges from this dynamic adaptation as a predictable, understandable way of processing the world. Read more

People that feel bullied just need to toughen up. That's what Margo Rios used to think. Margo is pretty, popular and unsympathetic to just how intense bullying can get. As a counterfeiting plot sweeps through the city of Oak View however, life for Margo changes dramatically.
With the mystery unfolding, an unlikely group of heroes emerges. Bullied teens love them, the police hate them and bullies fear them. Together they will try to get to the bottom of the counterfeiting mystery while ingeniously teaching a few bullies a lesson or two along the way... that is, if the police don't catch them first. About Celtic Alphabet Coloring Book: A Set of 26 Original, Hand-Drawn Letters To Color:
The original, hand-drawn alphabet in the Art of FoxVox Celtic Alphabet Coloring Book by Kristen N. Fox includes classic Celtic elements such as intricate knotwork and circular spiral art, as well as leaf and vine motifs. The compositions and decorations are uniquely tailored to each letter so no two are exactly alike, but together make a beautifully cohesive set. Coloring these letters can be a fun way to teach the alphabet to young children. Or you can choose a letter that's a person's name initial, color it as you like, carefully cut its page free of the book, and frame it for them. And of course, you can always just color them for the fun of it â€“ following the knotwork as it loops around, and seeing where the path takes you! No matter what the subject, coloring is creative and relaxing - enjoy!

About Heart~2~Heart - 48 Mandalas for You to Color & Enjoy:
This 8x10" volume of digital mandalas is all about hearts.

The mandala is a spiritual and ritualistic symbol in both Hinduism and Buddhism. In general, it is a microcosmic representation of the Universe. The mandala is used to help focus attention on spiritual guidance, and for mindful practices such as meditation. Most mandalas, especially today, are circular in design. The circle has long been a spiritual symbol of wholeness. But the use of mandalas isn't just spiritual. Therapists as far back as Carl Jung have often used mandalas with their patients. Read More

SHOW
TIME
Phil Harvey

Show Time by Phil Harvey

Targeted Age Group: 18+
Category: Fiction

Print book price range: 15.95
eBook price range: 9.99

About Show Time:
Future viewing audiences have become totally desensitized to violence and entirely dependent on sensation to escape their boring workaday lives—an addiction nurtured by the media with graphic portrayals of war and crime and with so-called reality programming. Now, TV execs in pursuit of the only things they care about—higher ratings and bigger paychecks—have created the ultimate reality show: Seven people, each bearing the scars of his or her past, are deposited on an island in the middle of Lake Superior. Given some bare necessities and the promise of $400,000 each if they can endure, the three women and four men risk death by starvation or freezing as the Great Lakes winter approaches. The island is wired for sound, and flying drones provide the video feed, so everything the contestants do and say is broadcast worldwide. Their seven-month ordeal is entirely unscripted, they can't ask for help or they forfeit the prize, and as far as the network is concerned—the fewer survivors the better.

A compelling reinvention of the William Tell legend blends myth and fact to craft a compelling historical page-turner full of love, honor, adventure, and revenge

Altdorf, November 1307 and Gessler would have obedience. He hung his hat on the pole at the center of the square, the newly constructed fortifications looming over the populace. Every citizen was ordered to pass the pole and bow as they did so, proving their allegiance, their serfdom. But one man would not bow, would not scrape, would not bend—William Thell. In that moment a legend was born, and a nation found its courage and its honor.

The Kramski Case by J. J. Ward

Targeted Age Group: All ages
Category: Action & Adventure

Print book price range: $14.95

About The Kramski Case:
When someone starts assassinating paparazzi in three countries, MI7 sits up. Apparently, the killer is none other than Dmitri Vassyli Kramski, retired SVR field-operative and former Kremlin protégé. True, the Cold War is long finished, but everyone knows Vladimir Putin is as unhappy for Russia to play second fiddle on the international stage as even the most strident of his Communist predecessors. In 2010 therefore, East-West relations remain as tortuous as ever.

Kramski's trail leads deep into London's émigré community, forcing his pursuers into conflict with an unknown organisation bent on protecting him. Bit by bit, he begins to look less like a professional assassin and more like someone plotting to scupper the foundations of Western democracy itself. To compound matters, the Russians are as baffled by him as anyone.

About The Greeks of Beaubien Street:
Nestled below the skyline of Detroit you'll find Greektown, a few short blocks of colorful bliss, warm people and Greek food. In spite of growing up immersed in the safety of her family and their rich culture, Jill Zannos doesn't fit in. A Detroit homicide detective, she manages to keep one foot planted firmly in the traditions started by her grandparents, while the other navigates the most devastated neighborhoods in the city she can't help but love. She is a no nonsense workaholic with no girlfriends, an odd boyfriend who refuses to grow up, and an uncanny intuition, inherited from her mystic grandmother that acts as her secret weapon to crime solving success. Her story winds around tales of her family and their secret laden history, while she investigates the most despicable murder of her career. The Greeks of Beaubien Street is a modern tale of a family grounded in old world, sometimes archaic, tradition as they seek acceptance in American society. They could be any nationality, but they are Greek.

The Divine Apprentice by Allen J Johnston

Targeted Age Group: 14-60
Category: Fantasy

Print book price range: $18.00
eBook price range: $6.99

About The Divine Apprentice:
I wanted to be unique in the magic I create so I designed a system where the power source is deadly to those that use it. I call it The Divine. It's an ancient energy that very few can feel, much less wield. As time moves on, those that can use this powerful force are slowly dying off. To make matters worse, there is an unknown hunter that is searching out and killing those that can still channel the Divine. My main character, Kade, finds himself in peril, but with a deadly dragon and a very beautiful Essence Guarding at his side, he may just have at survival. I do not want to spoil the book for those that want to read it, so I will not give any more details, but for anyone that wants a taste of my style of writing, I would suggest going to Amazon and reading the first few chapters for free. I have discounted the first book so people can see if they like what they read before diving into a series that will be expanding for years to come. Read More

Set in the "land of the midnight sun," Drum Dance is filled with adventure, paranormal intrigue, and danger in Canada's Central Arctic, where Sir John Franklin and his crew froze to death searching for the Northwest Passage. This well-researched novel cleverly interweaves just enough Arctic history, place names, and Inuit language to evoke the culture of the Far North, the traditions of Eskimo storytelling, and the hardships of Arctic living, especially during 1938 and 1939. The Robusta Incident by Jennifer Fales

Targeted Age Group: 18+
Category: Horror

Print book price range: $16.34
eBook price range: $5.99

About The Robusta Incident:
The Robusta Incident is a dark, zany office comedy that blends a coffee chemist's midlife crisis and questionable sanity with some serious corporate satire to bring you a hilarious, office-style zombie apocalypse. In the case of the main character, Howard Danishefsky, the journey isn't so much a hero's journey. It's much more a bullied and badgered anti-hero's struggle to survive and hopefully makes his way toward some semblance of enlightenment and redemption. That is, of course, providing his often gargantuan ego doesn't get in the way. Writing the book was partly an act of therapy for the author herself, after having spent a few too many years languishing in the clutches of Corporate America. Kirkus Reviews said the book, "will appeal to anyone who's ever endured petty bureaucracy." Foreword Clarion Reviews said, "It is both a revenge fantasy and a worst nightmare for cubicle workers, and it rocks." And IndieReader remarked in its five-star review of the book that, "The plot is somewhere between Mary Shelly and Mel Brooks."

This is my first book by Lizz Lund and let me tell you, it won't be my last! Filled with quirky characters, hysterical dialogue and a main character who always seems to be surrounded by hijinx, Perfectly Pickled is one of the best cozy mysteries I have read since Janet Evonovich's Stephanie Plum series. Mina Kitchen (yes that is her real name) is a wannabe chef trying to pay the bills before her cat, Vinnie, has no choice but to go on strike. She's a typical single gal with insecurities and a penchant to cook when under stress. Not to mention the stack of bodies who seem to keel off whenever she is around. Read More

Christmas Bizarre (Mina Kitchen Mystery 2) by Lizz Lund is a hilarious sequel to Kitchen Addiction!... Why would someone blow up a plane over Kodiak Island?

Craig has been on the other side of Kodiak Island digging clams that Jane plans to test for the presence of a toxin that may have caused the death of a woman on that side of the island. It is a beautiful day for flying, but the plane is an hour late, and when the head pilot for the air-charter company arrives at the dock to go in search of the missing plane, Jane accompanies him. The pilot assures Jane that the plane is probably stuck on the beach somewhere, but when they fly through a mountain pass, they spot pieces of the plane and debris scattered in a remote valley. Very little remains of the five passengers and the pilot, and investigators soon determine that the plane was blown apart in mid-air by a violent explosion from a bomb placed inside the cabin. About What Survives of Us:
Winner of the National Indie Excellence Award in the Cross-Genre Category! Naomi sees her first corpse in a Colorado Springs grocery store, but it won't be her last. With devastating speed, a plague sweeps first the city, then the state, then the world, leaving less than 1% of the population to go on. Naomi finds herself fighting for survival in a world populated by desperate people, where might-makes-right, and mercy and compassion are in short supply. And it's not just the world that has changed. The plague that decimates the human race also pushes mankind into evolutionary change. Those who survive are different, profoundly so, in ways they are just beginning to comprehend. As Naomi struggles to protect and reunite what's left of her family, she must also learn to understand and accept the changes in herself. In this strange new world, her survival, and the survival of those she loves, depends on it.
