Or you can choose a letter that's a person's name initial, color it as you like, carefully cut its page free of the book, and frame it for them. And of course, you can always just color them for the fun of it – following the knotwork as it loops around, and seeing where the path takes you! This 8x10" volume of digital mandalas is all about hearts.

The mandala is a spiritual and ritualistic symbol in both Hinduism and Buddhism. In general, it is a microcosmic representation of the Universe. The mandala is used to help focus attention on spiritual guidance, and for mindful practices such as meditation. Most mandalas, especially today, are circular in design. The circle has long been a spiritual symbol of wholeness. But the use of mandalas isn't just spiritual. Therapists as far back as Carl Jung have often used mandalas with their patients. There are word lists for each word search puzzle, but – for an extra challenge – try to find the words that match the theme without looking at the word list. Color the words and extra letters however you imagine. Each word search and quilt design is original for this book.
