About A Torey Hope Novel Series:

Elizabeth Decker views herself as shy, totally average, and pretty much insignificant. She's nothing special, at least not compared to her little sister, Audrey. Elizabeth is content with her plain and lonely future; she's too insecure to contemplate a relationship thanks to her sister. Audrey is a bombshell and uses this to get what she wants. She's a girl who will stop at nothing to control anyone and everything around her. She craves power and doesn't care if she has to hurt Elizabeth to get it. Nathaniel Morgan has spent his whole life fighting for his twin brother, Nicholas. Somewhere along the way, he lost himself. Now he's just getting by. He's devoted to his family, but emotionally detached from the women he burns through like wildfire. He has no plans of getting into something as complicated and committed as a "relationship".
